COCKPIT LAYOUT

CABIN LAYOUT

280 SUNDANCER®

Funny how we can work ourselves up chasing a moment of relaxation. But kicking back doesn't have to be hard. All it really takes is a couple calls, a few friends, and the 280 Sundancer. Experience pure peace on the sport cruiser equipped for relaxation. The convertible lounges, plush seats and comfortable berth transition social time to quiet time, so no matter where you are on the water, you're in the right place and the right mindset.

The ergonomically designed helm has clear sight lines and puts all the controls within reach.

No other manufacturer emphasizes the craft of decor quite like Sea Ray. The 280's solid-surfaced countertops, multi-tone vinyl and gleaming fiberglass finishes pop under multiple skylights and hullside windows.

From the curved portside L-shaped lounge to the large fold-down sunpad, everyone onboard the 280 can spread out and soak up the sun. Nifty underseat storage stows away all your gear.

Whether you're traveling to a weekend destination or need a moment of quiet, the 280's mid-berth creates an inviting getaway. Experience total peace on the berth's memory-foam mattress.

There is nothing like the comfort of home out on the water. That's why Sea Ray makes the VacuFlush™ on the 280 standard. The fiberglass enclosed head features a finished vanity with a mirror and countertop.

The 280's naturally lit cabin is as inviting as the view from above. Foredeck skylights and extended hullside windows throughout the cabin flood the V-berth and galley with natural light.
