# 370 SUNDANCER®

Who are you today? Some days you want your boat to be an oasis of solitude. Others, you crave a social hub with all the fun that life on the water can hold. The 370 Sundancer's incredible versatility allows either scenario on any day of the week. Sea Ray is in the business of creating beautiful options, and with the 370 Sundancer you can zone out or get in the zone with ease. Go with whatever moves you today.

The 370 combines incredible precision and premium power with twin sterndrive or V-drive engine applications for multiple cruising options. Optional Axis provides joystick control for precise handling at slower speeds.

The 370 boasts impressive capacity for more entertaining thanks to clever design that maximizes onboard space and makes hosting easy. Host a stylish cocktail soiree in the expansive cockpit.

The stbd side wet bar can accommodate a cockpit fridge and built-in grill, so the day's catch can be on your plate in an hour. Now, entertaining on your boat is easy as pie. Or sushi, if you prefer.

From the deluxe galley with ample storage to the expansive solid-surface counter tops and a built-in cutlery block, let the 370 be your sous chef.

The 370 is designed for the outdoors, and its oversized hullside windows help bring the outside in, making the cabin airy and bright.

There's nothing quite like boating with family or friends. But it's also awfully nice to have your own space. An optional berth enclosure provides additional privacy for you and your guests, so everyone can have quiet time at the end of the day.
