COCKPIT LAYOUT

CABIN LAYOUT

450 SUNDANCER®

Aesthetically, the 450 carries forward the cutting-edge design cues created in the latest Sundancer generation - including crisp, clean lines and an enclosed bridge with large, retractable sunroof - while also incorporating all the key features that have taken our express cruisers to the next level. Revolutionary Axisus® propulsion is standard; Zeus® pod drives are optional.

Tiered, instrument panels provide loads of space for the SmartCraft® diagnostic instruments and VesselView display, as well as illuminated rockers and Raymarine® e125 Radar/Chartplotter combo display.

Highlights in the cockpit include a huge, U-shaped lounge with an aft backrest that opens to expand the sun pad. Opposite lies a full wet bar with icemaker and optional barbecue grill and TV.

The streamlined galley has everything an onboard chef needs for quick and efficient meals, including a large countertop, two-burner stove, microwave, refrigerator/freezer, and exceptional storage.

A mid-berth "media room" features accent lighting and an entertainment system with standard 50" flatscreen TV and stereo surround sound audio system. Comfortable seating here converts to a double berth.

Under the sleek exterior of the 450 Sundancer lies a free-flowing interior that makes the boat seem much larger than its dimensions and elevates its "star power."

When it's time to call it a night, the sumptuous master stateroom awaits. Sink into the full-size island berth with Visco memory foam mattress and unwind while watching the 24" flatscreen TV.
